
To Master SOCIOLOGY

By Paul B. Horton and Chester L. Hunt

Consult Your

STUDY GUIDE for Horton-Hunt:
SOCIOLOGY

By Arthur M. Vener and Bruce J. Cohen.

Learn the Facts . . . Understand the Concepts

This *Study Guide* will help you gain a mastery of the facts and acquire an understanding of the basic concepts in Horton and Hunt's introductory sociology text. As you progress through the chapters you will be able to check yourself and see how well you have absorbed the material.

Correlated with the chapters of the text, this *Study Guide* is organized into five major sections:

Perspectives: briefly reviews the material in the textbook chapter, focusing on the concepts needing special attention.

Synopsis: outlines all important ideas appearing in the corresponding text chapter.

Key Concepts: lists major terms introduced in the text, helping you to learn the particular sociological definition.

Self-test: contains matching, multiple-choice, and true-false questions complete with answers.

Interpretation: reflective questions based on a reading selection provide you with an opportunity to analyze the major sociological concepts in the text.
